

Losing your employee group health benefits? Looking for alternative coverage?

Health Assist LINK plans from GreenShield Insurance are your solution.

Make the LINK to a health plan that offers benefits similar to what you enjoyed before, including coverage for prescription drugs, dental, vision and extended health care (like registered massage therapists and chiropractors) as well as emergency medical travel protection. As well as health care at your fingertips with access to digital benefits and services that will improve your overall health and well-being.

And even better? LINK coverage is so easy to get – there's no medical questionnaire if you apply within 90 days of your group benefits end date. Your acceptance is guaranteed!*

Plans provided and underwritten by **Green Shield Canada Insurance**.

*Acceptance is guaranteed for LINK plans as long as Green Shield Canada Insurance receives the initial payment.
