

It starts with an eye exam.

GreenShield has partnered with FYihealth group, Canada's largest doctor-led eyecare provider, to bring you exclusive savings and exceptional eye health care.

Experience comprehensive eyecare that goes far beyond just getting glasses – discover how healthy vision enhances every aspect of your life.

Why choose FYihealth group?

- **Doctor-led, patient-first care**

FYihealth group is owned and operated by eye doctors who prioritize your health and offer personalized solutions for your vision and eye health needs.

- **Canada's most advanced eyecare technology**

FYihealth group operates Canada's largest optical laboratory with cutting-edge freeform lens technology. Every pair of glasses is custom-manufactured to each patient's unique prescription and lifestyle needs.

- **Complete eyecare system**

From advanced diagnostic testing, custom lens manufacturing, and designer frames, FYihealth group is here for every step of your eyecare journey to ensure exceptional quality and service.

Your exclusive GreenShield benefits

- **20% off regular priced glasses** – complete pairs (frames and lenses) and sunglasses*
- **10% off regular priced contact lenses**** – all brands and types available
- **10% off Lifestyle package** – complete frame and lens packages starting at \$169

* Regular priced optical frames and lenses. Sunglasses can be prescription or non. Excludes all Maui Jim, RayBan Meta, and Oakley Sun products.

** Regular priced contact lens boxes. Does not apply on top of 1-year contact lens supply discount. Cannot be combined with instant savings. Can be applied where there are mail-in rebates.

Access four trusted brands:

- **FYidctors** – Comprehensive eyecare clinics nationwide
- **Visique** – Quebec's premier eyecare provider
- **BonLook** – Trendy, affordable eyewear online and in-store
- **solis optics** – Premium retail optical stores

More than just vision – it's about your health

- **Early detection can save sight and lives**
Many serious eye diseases have no symptoms until permanent damage occurs. FYihealth groups' advanced technology can detect:
 - Glaucoma
 - Diabetic retinopathy
 - Macular degeneration
 - High blood pressure indicators
 - Dry Eye
- **Children's vision affects learning**
80% of learning happens through vision. Regular eye exams ensure

your children have the visual tools they need to succeed in school and life. New treatment options exist that correct your child's vision and can slow myopia progression.

- **Digital eye strain relief**

Our specialized lenses and coatings protect against blue light and reduce fatigue from screens – essential for today's digital lifestyle.
